

Demographic Append

Add Consumer Demographic Information to Your Records in Minutes

To master market segmentation and reach your best customers effectively and efficiently, you need a deeper understanding of who they are, where they live, what they do, and so on. Melissa uses a variety of data sources to enrich your contact records with consumer demographic information, making sales and marketing more productive.

- Define unique attributes of your best customers & identify prospects just like them
- Predict likely future buying behavior to seize upselling & cross-selling opportunities
- Fine-tune your offers & mailings for better lead quality & higher response rates
- Strengthen customer loyalty & retention programs by truly knowing your customer

Demographic Data Elements Available

Our demographic data file will append the following consumer data elements:

- Household Income
- Input Name Age
- Gender
- Presence of Children
- Number of Adults
- Marital Status
- Home Owner/Renter
- Length of Residence
- Dwelling Type
- Credit Card Information

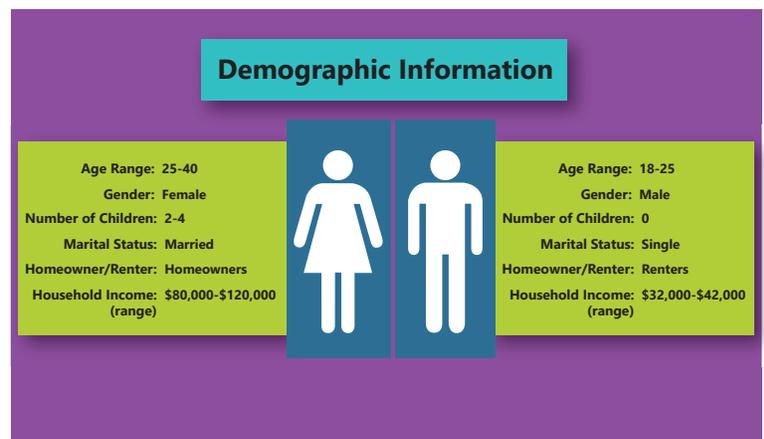

Additional enhancements are available for a la carte ordering.

Adding Consumer Demographics – Here's How We Do It

Send us your file and our Service Bureau will add data elements from 300 million U.S. individuals and 120 million households nationwide to your customer records.

Privacy & Turn-Around Times

With our safe and secure Automated FTP server, your file will process in hours, if not minutes! Plus, we can accommodate any size job from 100K to a billion or more records.
